

Trust in the power of reliable feed materials

## TECHNICAL DATA SHEET: CORN GLUTEN MEAL (60% PROTEIN)

### 1. CHEMICAL & PHYSICAL SPECIFICATIONS

- **Crude Protein:** Min 60.0%
- **Moisture:** Max 10.0%
- **Crude Fat:** Max 3.0%
- **Crude Fiber:** Max 2.0%
- **Ash:** Max 3.0%
- **Xanthophylls:** Min 200 mg/kg (Typical for pigmenting)
- **Appearance:** Golden yellow to orange fine granular powder.

### 2. SAFETY, CONTAMINANTS & LOGISTICS

- **GMO Status:** GMO labeling required as per EU 1829/2003 if derived from GM corn
- **Aflatoxins:** Compliant with EU food/feed safety regulations
- **Storage:** Store in a cool, dry place away from direct sunlight
- **Packaging:** 25kg bags or 1000kg Big Bags
- **Shelf Life:** 12 - 18 months

### 3. COMPLIANCE DECLARATION

- 100% vegetable-based product obtained from the wet-milling of corn
- Product is non-GMO (or labeled accordingly) and fit for animal feed
- Complies with EU regulations for feed safety and contaminants
