

Trust in the power of reliable feed materials

## TECHNICAL DATA SHEET: POTATO PROTEIN

### 1. CHEMICAL & PHYSICAL SPECIFICATIONS

- **Crude Protein:** Min 75.0% - 80.0%
- **Moisture:** Max 10.0%
- **Crude Fat:** Max 2.0%
- **Ash:** Max 2.0%
- **Solanine Content:** Max 150 mg/kg
- **Appearance:** Fine, grey-beige powder.

### 2. SAFETY, CONTAMINANTS & LOGISTICS

- **Digestibility:** High amino acid bioavailability for young animals.
- **Microbiology:** Salmonella absent in 25g.
- **Storage:** Ambient temperature in a dry, dark warehouse.
- **Shelf Life:** 12 - 24 months.

### 3. COMPLIANCE DECLARATION

- Obtained during the starch extraction process from high-quality potatoes.
- Naturally non-GMO and fit for high-grade animal feed (piglet starters/pets).
- Compliant with EU Regulation 767/2009 for feed materials.
