

Trust in the power of reliable feed materials

TECHNICAL DATA SHEET: CHLOINE CHLORIDE

1. CHEMICAL & PHYSICAL SPECIFICATIONS

- **Assay (Choline Chloride):** Min 60.0%
- **Carrier:** Corn Cob
- **Loss on Drying:** Max 4.0%
- **TMA (Trimethylamine):** Max 300 ppm
- **Appearance:** Yellow-brownish free-flowing granules

2. SAFETY, CONTAMINANTS & LOGISTICS

- **Heavy Metals:** Pb < 5.0 mg/kg | As < 2.0 mg/kg
- **Storage:** Store in a cool, dry place; keep bags tightly sealed due to high hygroscopicity
- **Shelf Life:** 18–24 months from production date
- **Packaging:** 25kg multi-wall paper bags with PE liner

3. COMPLIANCE DECLARATION

- Product is an essential nutritional additive for animal feed
- Compliant with EU Regulations for feed materials and safety
- Non-GMO and free from harmful chemical residues
